Biography of Earl L. Butz

Earl Lauer Butz was born in Albion, Indiana. He received a BS in Agriculture in 1932 and his Doctorate in Agricultural Economics in 1937, both from Purdue University. After receiving his PhD, Butz taught in Purdue's Department of Agriculture. From 1946 to 1954 he was head of the Department of Agricultural Economics. He later served as Dean of Agriculture from 1957 to 1967, and as Dean of Continuing Education and President of the Purdue Research Foundation from 1968 to 1971.

Butz held two cabinet-level positions in the federal government. In 1954, he was appointed Assistant Secretary of Agriculture in the administration of President Eisenhower, a position he gave up while serving as Dean at Purdue. In 1971, he was appointed Secretary of Agriculture by President Nixon. He continued in that post following Nixon's resignation from office, serving under President Ford until 1976. Butz resigned from his position that year due to controversial remarks made to *Rolling Stone* magazine. Butz died in his sleep at the age of 98 years on February 2, 2008.
