Biography of Charles Savage

Charles W. Savage was born on September 25, 1918 in Berlin, Connecticut. He received a B.A. from Yale in 1939, an M.D. from the University of Chicago in 1945, and an M.A. in Spanish from Middlebury College in 1999. He also attended the Washington-Baltimore Psychoanalytic Institute in 1957 and served as a Lieutenant Mass Communication Specialist in the United States Navy from 1946-1953. He published fifty papers on psychopharmacology and psychoanalysis, several of which were co-authored with his wife, Ethel. He was a member of the editorial board of *Psychiatry* and a member of the American Psychiatric Association (fellow), American Psychoanalytic Association, American Electroencephlogram Society, American Association for the Advancement of Science, Washington Psychoanalytic Society, Baltimore Psychoanalytic Society, San Francisco Psychoanalytic Society. Savage was also a poet and published, in Spanish and English, *Las Tinieblas en el Dia de Pentecostes*. Upon his retirement, he became a medical missionary to Guatemala. At the age of 89, Savage passed away at his home on December 12, 2007.

Collection Description

Scope

The Charles Savage papers (1936-2003; 7 cubic feet) document Savage's work as a psychiatrist, specifically his research on the therapeutic use of LSD-25 and marijuana during the 1960s. Materials range from correspondence between Savage and his colleagues and Savage and his patients, article reprints written by Savage or used by Savage for his research, as well as Savage's manuscripts and miscellaneous manuscripts, some of which appear to have been created by patients. Patient notes, accounts and transcripts of LSD sessions, and information on the Spring Grove Hospital and the Maryland State Psychiatric Research Center are all included. This collection also documents Savage's time in the Navy, as well as activities subsequent to his retirement.

Arrangement

The Charles Savage papers have been arranged in nine series.

- 1. Biographical Information, 1940-1984 (0.5 cubic feet).** Series 1 contains Savage's Navy orders, certifications, conference materials, curriculum vitae, and other biographical information and materials.
- 2. Correspondence, 1936-2001 (1.5 cubic feet).** Series 2 contains correspondence between Savage and his colleagues and patients, miscellaneous and undated correspondence, memorandums, and reading files. It has been arranged chronologically, and contains some notes from the donor throughout.
- 3. Article Reprints and Reviews, 1949-2003 (0.5 cubic feet).** Series 3 contains dated and undated article reprints that Savage used for research, as well as his article reviews. Some of the article reprints are written by him, or they are articles he may have reviewed. The materials are arranged chronologically.
- 4. Article, Report, and Presentation manuscripts, 1946-1980, undated (1 cubic foot).** Series 4 contains manuscripts and undated manuscripts documenting Savage's research, as well as miscellaneous manuscripts possibly created by Savage, his patients, or his colleagues. Materials are arranged chronologically when possible. Undated materials are arranged alphabetically by the author's last name.
- 5. Research and Grant materials, 1962-1979 (0.25 cubic feet).** Series 5 contains grant applications and research completed by Savage and his colleagues.
- 6. Washington Psychoanalytic Society, 1947-2000 (0.25 cubic feet).** Series 6 contains information concerning Savage's involvement in the Washington Psychoanalytic Society, a nonprofit organization affiliated with the American Psychoanalytic Association that offered training and practice in the theory of

psychoanalysis. This series contains correspondence between Savage and board members of this organization (arranged chronologically), an oral history transcript detailing Savage's relation with the organizations, and newsletters, memorandums, meeting minutes and agendas generated by the organization.

7. LSD Research materials, 1960-1969 (0.5 cubic feet). Series 7 contains Savage's research, patient information, correspondence, and other materials pertaining to LSD research.

8. Spring Grove State Hospital materials, 1962-1969 (0.25 cubic feet). Series 8 contains plans and procedures for psychedelic research at Spring Grove State Hospital, as well as correspondence, reports, patient notes and monthly reports detailing the activities there.

9. Marijuana Research materials, 1971-1975 (0.1 cubic feet). Series 9 contains correspondence, reports, papers, and other materials pertaining to marijuana studies.

10. Maryland Psychiatric Research Center and Friends of Psychiatric Research, 1967-1969 (0.15 cubic feet). Series 10 contains correspondence, papers, reports, and other materials relating to Savage's involvement with the Maryland Psychiatric Research Center and Friends of Psychiatric Research. Friends of Psychiatric Research is a non-profit organization that came about after an article appeared in the *Baltimore Sun* in 1955 that detailed the inadequacy of mental health care system in Maryland. Friends of Psychiatric Research was based at the Spring Grove State Hospital. The Veteran's Administration approached Friends of Psychiatric Research during this time to initiate lithium carbonate clinical trials with 600 patient volunteers. It appears from Savage's papers that he was involved with many aspects of these organizations and this study.

11. Veteran's Administration, 1979 (0.25 cubic feet). Series 11 contains correspondence, research, and untitled/undated materials concerning Savage's work with the Veteran's Administration.

12. Patient Materials, 1960-1969 (0.25 cubic feet). Series 12 contains information on Savage's patients and personal correspondence with them. These documents have been copied so that confidential information, such as patient names, can be removed. The original documents are located in Series 14, Restricted Materials.

13. Research in West Africa, 1956-1993 (0.5 cubic feet). Series 13 contains correspondence, notes, manuscripts, typescripts, and patient notes. It documents Savage's work with Raymond Prince on their article on "Depression Among the Yoruba."

14. Miscellaneous Materials, 1958-2000 (0.25 cubic feet). Series 14 contains materials that do not fit within the existing series structure. It consists primarily of

information on organizations with which Savage was affiliated, as well as miscellaneous fragments of manuscript material.

15. Restricted Materials, 1958-1990 (3.4 cubic feet) Series 15 contains information that is restricted for 75 years from the date of creation with respect to patient confidentiality. Redacted photocopies of this material have been put in place of the originals.
